Community CPA and Principal Financial Group received the Greater Des Moines Partnership's 2011 diversity awards Tuesday at the business group's annual dinner.

Community CPA received the diversity award for small business.

"While still a small business with only eight employees, this company serves over 2,000 clients and dedicates considerable resources to inclusive

initiatives that benefit diverse residents in central Iowa," said Rona Berinobis, chairwoman of the Partnership's diversity committee.

Principal Financial's "focus on diversity is evidenced by a high performing minority retention rate of 98 percent and an increase of female representation at the company's highest job levels to over 38 percent," said Jacquie Easley, the 2010 Partnership diversity committee chairwoman. Principal Financial is the large business diversity award winner.
